

Learn the powerful steps needed to kick your insecurities to the curb and step out of doubt and fear. Go from feeling like an imposter to being an inspiration with Kelli's tips and true-life stories.

She isn't a therapist, counselor, or coach - she simply feels that she can inspire others to do what she did: find the courage and opportunity that have led to life-changing results!

## Kelli gives you the insight you need to:

-  Understand what Imposter Syndrome is.
-  Discover which of the three early experiences may have led to your fears and insecurities.
-  Determine which of the five types of Imposter Personalities you identify with.
-  Start the path to recovery with her W.T.F. tips - it's not what you think!
-  Identify your three realities - and see how they become the pillars of your recovery plan.

# Three Early Experiences

Your early experiences shape your future.  
Do you identify with one, or more, of these experiences?

# Five Types of Imposters

You may recognize many of the following personalities in yourself, and those around you. Which Imposters do you identify with? Jot down your feelings or examples of when you felt this way.

# Your Three Realities

Write down three things that you can be proud of. Think personal and professional successes. When you're struggling, these pillars will become your mantra to keep pushing and succeed!
