Visibility Strategist | Speaker | Author

Hi! I'm Kelli, a Visibility Strategist, Speaker, Author, and the CEO at K2 Creative Strategies. My focus is to "Make Your Message Matter" and my mission is to empower solopreneurs, entrepreneurs, authors, coaches, and speakers to achieve unparalleled visibility and personal brand elevation. I am dedicated to partnering with ambitious professionals who aspire to advance their careers, craft compelling personal brands, and shine as beacons of excellence in their competitive domains.

My life-long struggle with Imposter Syndrome led me to creating the Amazon bestselling anthology *Twenty Won: 21 Female Entrepreneurs Share Their Stories of Resilience During a Global Crisis*. My chapter, "From Imposter to Inspiration" has been read globally by thousands and has allowed me to inspire people from all over the world. As a dynamic speaker, I help professionals conquer their fears and insecurities when struggling with Imposter Syndrome.

My signature workshop, **From Imposter to Inspiration: Getting Past Imposter Syndrome and Increasing Your Visibility\*** teaches your audience the powerful steps needed to kick their insecurities to the curb and step out of doubt and fear when it comes to their career path. With two break-out sessions for maximum engagement, this 90-minute workshop has been an inspiration to hundreds - across the globe! I've had the pleasure of sharing this information with attendees in Brazil, India, Scotland, Ireland, and Poland - to name a few!
